The Hedinger Family's New Home Dedicated

On August 29, 2010, the 25th home completed by Orange County Habitat for Humanity, was dedicated. It is now the home for Kerri Hedinger and her family. Kerri, and her son Devin, are shown above in front of their new home. They have now moved in and settled.

Kerri and all of us give thanks to Bill Nowers & Bud Dominick for the leadership and work they provided and to all the other volunteers and contributors that made this possible. Bill, Kerri, Harold Thompson and Tim Tigner have worked on the house at least 3 days a week for the last couple of months. It's a beautiful home for a wonderful family.

Orange County Habitat for Humanity would like to extend a hearty thank you to David & Jennifer Gallihugh at The Corner Cabinet Shop for their generous donation of kitchen cabinets for our last house - the Hedinger home.

Message from the President

2010...What a year! Habitat for Humanity finished its 25th house, quite an accomplishment. There were so many work days filled with friendships (new & old), laughter, learning, sharing & growing! This in addition to the work of building a house!!

And now that house has been dedicated. It is now a home for Kerri & her family, a place where family and friends can gather. It will be a place of comfort and celebration, a place of retreat from the world. Most importantly, it will belong to Kerri. Her dream of home ownership has been fulfilled thanks to all those who support Orange Co. Habitat for Humanity.

We now head into winter, a traditional time to rest and make plans for our next (26th!) house build. The land has been secured. The selection of the next partner family is underway. We anticipate that sometime in the spring, we will be able to begin another house-building adventure. Join us!

Bill Nowers, our construction supervisor, has assisted on most of the 25 Habitat houses built in Orange County. He is shown here installing the cabinets donated by the The Corner Cabinet Shop. The Whirlpool Corporation provided the stove and refrigerator, as they do for all Habitat built homes. Whirlpool also provided a substantial discount on the washer and dryer. In addition, Square D provided the panel box and breakers and Yale provided the interior and exterior door latches, locks and deadbolts

Barry & Yin Thomas and daughter Morgan from Culpeper (being congratulated by Gina Sedwick) were the lucky winners of Child's playhouse raffled to help raise funds for this year's home.

The playhouse was donated by Joe Pine "Builders of Fine Log Homes" with materials donated by Sedwick Building Supply.

Dot Sprouse of Orange was the lucky winner of the Swing donated by Bob Krise. She was absolutely thrilled and said this swing would replace her old one.

Also at the Orange County Fair, Habitat for Humanity raffled off gift certificates to some local restaurants. The following is a list of winners:

- Melinda Middlebrook of Rhoadesville - Robinson Tavern & Grill (\$50.00)
- Sharon Chewning of Orange - Red Lobster (\$25.00)
- Denise Samuels of Orange - Ruby Tuesday (\$50.00)
- Karen Shifflett of Orange - Gordonsville Deli (\$20.00)
- Suellen Terrell of Montpelier - The Barbeque Exchange - Pork Family Dinner
- Lance Clore of Rapidan - Toliver House Exchange - dinner for two
- Steve Herndon of Orange - Elmwood at Sparks - lunch for two

Thank you to these businesses for helping to make the fundraiser a big success. We couldn't have done it without them! A very special thank you goes out to Jimmy Darnell of the Garden Patch for donating the flowers on display at the Habitat for Humanity's booth at the Orange County Fair. And another special thank you to Gina Sedwick and Sedwick Building Supply!!

Building Houses—Changing Lives

Habitat for Humanity is often thought of as a house building organization. And yes, Habitat for Humanity does build houses. Our commitment to biblical principles of justice, love, and compassion for our neighbors “encompasses not only the produce of the mission—a decent, affordable place to live—but also the product. Partnering with families reinforces their dignity, their capabilities and inherent worth. This commitment has yielded life-changing results around the world for more than 30 years. It is also the path for our future—a future of breaking down the walls that divide people and building up the walls that shelter them.”
